

# FLY-PINK CUP 2016

2nd Edition

Ferrara (Italy)

5 - 11 June 2016

## Pilots 2015

## Winners 2015

The airfield is located on the southern edge of the City at 6m QNH. The club consists in three hangars, a Club house, a restaurant, a camping with facilities and a swimming pool. Parking area of gliders and trailers is usually on the southern edge of the runways and is provided of a water pipeline.

### COMPETITION

Since 23 years Ferrara is theatre of National Glider competitions of different classes.

In the second year FLY-PINK CUP takes place, open to all women pilots having more than zero points in IGC Ranking List.

The competition takes place only in flatland and maximum altitude allowed is 1800m QNH.

Huge outlanding fields are spread all around, so to outland is definitely not a big issue, towing is usually at 600-700 m.

During the competition period, temperature in Ferrara is between 25 and 30°C during the day, and about 20°C at night.

### ABOUT FERRARA

Ferrara is a city of Emilia-Romagna region, northern Italy.

It is situated 35 kilometers north-northeast of Bologna.

For its beauty and cultural importance it has been qualified by UNESCO as World Heritage Site.

If you are going to stay in Ferrara a bit longer, after the competition, you can easily reach a lot of nice spots in few hours:

- seaside Lido degli Estensi is at 50 Km, 45' by car.
- Venezia is 1.30h by train
- Verona is 100km, 1.45h driving.
- Firenze (Florence) 160km, 2 hours driving as well as by train.

For further touristic information and the city's event calendar you can visit the website [www.ferraraterraacqua.it](http://www.ferraraterraacqua.it)

**AERO CLUB VOLOVELISTICO FERRARESE**

[www.voloavelaferrara.com](http://www.voloavelaferrara.com)

AVF has two 1000m long runways, asphalt and grass, oriented 09-27.

## ABOUT COMPETITIONS

Normally there are cumulus clouds, but the competition takes place even when the sky is blue. The competition area is not great, but can also be assigned tasks of 400 km. The duration of the thermals is normally of 4 hours, but can last even longer. Tasks are adapted to the weather forecast. Speed of winners sometimes were more than 120 Km/h.
